

# THE EVOLUTION OF THE WORKPLACE

Today, four generations work side-by-side and the result of this workplace evolution is a communications revolution. It's this workforce that's demanding new and more efficient ways to work and team.

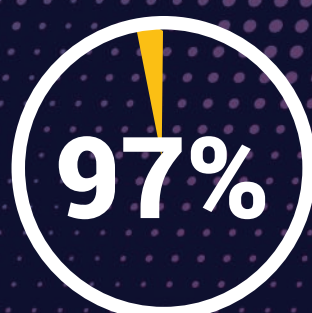

To stay competitive, companies must be adaptable and flexible to accommodate individual needs and preferences.

UNIFIED COMMUNICATIONS & COLLABORATION

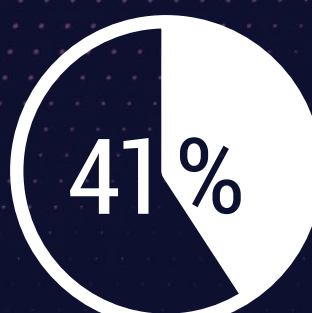

## COMMUNICATIONS PREFERENCES

## THE DIGITAL WORKPLACE IS A NECESSITY

of employees and executives believe lack of alignment within a team impacts the outcome of a project

of employees with choice over when, where, and how to work have higher levels of satisfaction

say state-of-the-art technology makes them more productive

Companies that communicate effectively are **4X** more likely to retain the best employees

Companies that promote collaborative working environments are **5X** as likely to be high performing

of knowledge workers left their previous employer partly because the workplace was not optimized for them

**39%**

of employees within a surveyed group believe that there isn't enough collaboration between people in their organization
